

## Snuggle Bunnies Childcare (Nursery)- Children’s Rights

Snuggle Bunnies Childcare (Nursery) will operate according to the UN Convention on the Rights of the Child (1989).

A copy of the convention will be given to every member of staff to read as part of their induction. All members of staff are expected to sign to state that they will uphold the convention and respect the rights of the child. Copies are in the setting and/or online.

Snuggle Bunnies Childcare (Nursery) believes that every child should be treated as an individual and all children should be treated with equal respect regardless of their personal or family circumstances.
